Dear Heather:

Thank you for the gift of \$14,500.00. We received your contribution on March 1, 2022, for inclusion in the *Fund to Advance Racial Equity* at North Texas Community Foundation. We appreciate your commitment to our North Texas community and value your trust in the Foundation.

As we work with local community leaders and law enforcement to build a more just and equitable system, we know the journey ahead will not be easy. We take heart in knowing that the solutions, resolve and capacity to address these issues exist right here in North Texas. Together we will build a community that ensures good health, education and open doors for all North Texans that have not enjoyed equitable access to opportunity.

By working together, we are creating a better future for individuals and communities across North Texas. If you have good ideas for how we can work more effectively, please let us know. The more smart partners at the table, the better!

All my best,

Rose Bradshaw
