Dear Caroline,

Thank you for your generous gift of \$5,000.00 received on 12/8/2025. Every contribution you make to Trinity Habitat for Humanity helps families dream of a brighter future.

The Idrissou family is committed to providing their children with a quality education and the chance to pursue their own aspirations, "our sons want to be pilots, and our daughter dreams of becoming a nurse," they shared. By securing a stable home, they can now give their children the foundation needed to achieve these goals and succeed in life.

Without the financial burden of rising rent costs, the Idrissous can now focus on building a legacy.

Your commitment to our mission of building homes, communities, and hope made this possible. Thank you for making a difference in the lives of Habitat families and putting your belief that everyone deserves a decent place to live in action.

With gratitude,

Gage Yager  
CEO

  
Brian King  
Board President
